DEVELOPMENT CORP

ALYRIS GOLD CORP

**MEGA SILVER INC. AND SKYBRIDGE DEVELOPMENT CORP.
SIGN BUSINESS COMBINATION AGREEMENT**

Toronto, Canada, April 21, 2009 – **Mega Silver Inc. (MSR-TSXV)** (“Mega”) and **Skybridge Development Corp. (SBD-TSXV)** (“Skybridge”) announce that they have signed a business combination agreement in respect of the previously announced proposed acquisition of Skybridge by Mega. Under the terms of the acquisition, Mega will acquire all of the outstanding common shares of Skybridge (“Skybridge Shares”) in exchange for common shares of Mega (“Mega Shares”), on the basis of one (1) Mega Share for every two and one-half (2.5) Skybridge Shares outstanding (the “Exchange Ratio”).

The acquisition is to be effected by way of a three-cornered amalgamation (the “Amalgamation”), whereby Skybridge will amalgamate with a wholly-owned subsidiary of Mega and the resulting corporation (which will be a wholly-owned subsidiary of Mega) will continue to carry on Skybridge’s business. Shareholders of Skybridge will receive Mega Shares in exchange for the Skybridge Shares which they hold immediately prior to the effective date of the Amalgamation, on the basis of the Exchange Ratio (but subject to rounding in the event of fractional shares, which will not be issued).

Upon completion of the Amalgamation, all Skybridge Shares will be de-listed from the TSX Venture Exchange. Stock options and common share purchase warrants of Skybridge outstanding following completion of the Amalgamation will be adjusted to provide for the purchase of Mega Shares in lieu of Skybridge Shares (based upon the Exchange Ratio), upon the due exercise thereof.

Completion of the Amalgamation is subject to satisfaction of a number of conditions, including receipt of the approval of the the TSX Venture Exchange and the shareholders of Skybridge. A meeting of the shareholders of Skybridge is scheduled to be held on May 25, 2009 to consider and approve the Amalgamation (the “Skybridge Meeting”).

Additional details of the proposed acquisition are provided in the management information circular of Skybridge in respect of the Skybridge Meeting, copies of which, together with related materials, will be mailed to registered shareholders on April 27, 2009.

Highlights of the proposed business combination include a change of senior management of the combined company. It is proposed that Mr. Jim Rogers will assume the role of President and CEO. Mr. Rogers was most recently Regional Exploration Manager for Goldcorp Inc. at Red Lake. Jim’s background in the Red Lake gold camp will be a tremendous asset to the newly amalgamated company as it executes a mandate to explore and develop promising gold assets in the Red Lake camp.

A principal shareholder of Skybridge who holds an aggregate of 2,469,000 Skybridge Shares, representing approximately 12.2% of the Skybridge Shares outstanding as at March 31, 2009, has entered into a support agreement with Mega, whereby the shareholder has agreed, among other things, to vote their Skybridge Shares in favour of the Amalgamation at the Skybridge

Meeting and to not take any action, directly or indirectly, which could reasonably be expected to affect the completion of the Amalgamation.

Research Capital Corporation has acted as financial advisor to Skybridge in respect of the transaction and has provided an opinion that the consideration to be paid to shareholders of Skybridge under the Amalgamation is fair from a financial point of view.

PowerOne Capital Markets Limited has acted as financial advisor to Mega in respect of the transaction.

Based upon the number of Skybridge Shares and Mega Shares outstanding as at April 9, 2009, if the acquisition is completed, Mega will issue approximately 8,105,588 Mega Shares (subject to rounding in the event of fractional interests) to the shareholders of Skybridge in exchange for their Skybridge Shares, representing approximately 23.1% of the number of Mega Shares then outstanding.

Cautionary Statement Regarding Forward-Looking Information

Certain information contained in this press release constitutes "forward-looking information", which is information regarding possible events, conditions or results of operations that is based upon assumptions about future economic conditions and courses of action. All information other than matters of historical fact may be forward-looking information. In some cases, forward-looking information can be identified by the use of words such as "seek", "expect", "anticipate", "budget", "plan", "estimate", "continue", "forecast", "intend", "believe", "predict", "potential", "target", "may", "could", "would", "might", "will" and similar words or phrases (including negative variations) suggesting future outcomes or statements regarding an outlook. Forward-looking information in this press release includes, but is not limited to, statements about the proposed Transaction of Skybridge by Mega, the continuation of its business following completion of the Transaction and our expectations regarding Skybridge or Mega's properties and business generally.

By its nature, forward-looking information involves known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or industry results, to differ materially from those expressed or implied by such forward-looking information. Some of the risks and other factors that could cause actual results to differ materially from those expressed in the forward-looking information contained in this release include, but are not limited to: the possibility that the necessary shareholder and regulatory approvals will not be obtained in a timely manner or at all,

and that other conditions to completion of the Transaction will not be satisfied; and risks related to the inherent uncertainty of mineral exploration and development activities generally, including political and regulatory risks.

Although we have attempted to identify important factors that could cause actual results or events to differ materially from those described in the forward-looking information, readers are cautioned that this list is not exhaustive and there may be other factors that we have not identified. Readers are cautioned not to place undue reliance on forward-looking information contained in this release. Forward-looking information is based upon our beliefs, estimates and opinions as at the date of this release, which we believe are reasonable, but no assurance can be given that these will prove to be correct. Furthermore, we undertake no obligation to update or revise forward-looking information if these beliefs, estimates and opinions or other circumstances should change, except as otherwise required by applicable law.
